This resulted into short levy of SD and RF
2	DSR/Aurangabad	1/Sale	24.05.15	14364000	75222000	4287654	818748	3468906	1429218	272916	1156302	4625208	219.5 decimal of land was registered on 24 May 2018 as three sell deeds. Of this 199.5 decimal of land was a single plot which was split in three parts. Bigger portion 161 decimal was shown as agriculture category whereas smaller portion adjacent to main road was shown as residential category. In all three cases of sale deeds both buyer and seller were same person. Thus it is evident that land was split with a view to evade higher valuation which resulted in short levy of SD and RF
