	<b>Total</b>	<b>20</b>	<b>453.72</b>	<b>489.77</b>	<b>107.95</b>	<b>6.12</b>

### 4. DPR/General issues

- Sample DPRs have been received from the State, on 21.12.2017.
- 4 Roads proposed with 7 m carriageway width, the additional cost beyond 5.50 m width should come from State share as per RCPLWE guidelines.
- 4 roads proposed with 7 m carriageway width, 15 roads proposed with 5.50 m carriageway width and 1 road proposed with 3.75 m carriageway width.
- Pavements designed with less than 1 MSA traffic category.
- Joint Inspection report of STA/CE/SE for bridge site as per format prescribed by NRRDA has not been provided.

### 5. Issues discussed and Action Emerged

The proposals were discussed in detail and the following emerged.

- i. Total scope of RCPLWE for R&B Department in Telangana is 23 roads and 3 LSBs. The State representative informed that out of 23 roads as approved by MHA, 3 roads have already been constructed under State Scheme.
- ii. The average cost appears to be on higher side. The State needs to re-scrutinize the DPRs;
- iii. The maintenance cost appears to be on lower side. It should be atleast 7% of the construction cost.
- iv. The State was advised to submit sample DPRs to NRRDA for scrutiny;
- v. For Roads proposed with 7 m carriageway width, the additional cost beyond 5.50 m width should be met from State share as per RCPLWE guidelines;
- vi. The construction cost appears to be on higher side compared to the rate sanctioned for other States under PMGSY; The State needs to relook all DPRs.

**4. Recommendations of the Committee:**

**After due deliberations, it was decided that NRRDA would quickly scrutinize the DPRs and communicate the observations to the State for rectification. It was also decided that the IMEC for the above proposals would be held on 9<sup>th</sup> January 2018. The State has to take all corrective action by 5<sup>th</sup> January 2018.**

5. The meeting ended with Vote of Thanks to the Chair.
