3. **All STA & PTA Coordinators.**

Subject: Revised Proforma C (2021) with Checklist (Roads) for the use of PIU and STA under PMGSY-III

Madam/ Sir,

As you are aware that NRIDA had circulated an updated DPR template for the preparation of DPRs of road works, Proforma C for scrutiny of DPRs of Road works, and Proforma C for scrutiny of DPRs of Bridgeworks as per PMGSY-III guidelines for the use of PIUs and STA vide letter no. NRRDA-PO14(17)/3/2019-Dir (Tech) (EFMS No. 368200) dated 18.11.2019.

During the examination of sample DPRs at NRIDA, it was observed that many of the important details in the Proforma C are left blank or partially filled. It is also found that details in Proforma C were filled mechanically and in some cases stabilization has not been recommended as per IRC:SP:72:2015 though the reported subgrade CBR is less than 5. To redress these issues, NRIDA has prepared a comprehensive Proforma C (2021) – Part 1, Part-2 and Part-3 for road works to be filled by PIUs and STAs. The new Proforma C (2021) should be filled properly as per DPR by the PIU and the same shall be attached with each DPR. The Profroma C

(2021)-Part-2 should be filled by the head of PIU in his/ her own handwriting after verification of DPR.

In respect of Checklist for STAs (Proforma C (2021)-Part-3), STA coordinator and members should fill this format in their own handwriting along with respective signatures after due scrutiny. After signing by the STAs, the signed Proforma C (2021) with Checklist should be uploaded on OMMAS under proposal module by the PIUs and the same shall be ensured by the STAs before scrutinizing the proposals on OMMAS.

It is requested to kindly arrange sending the new Proforma C (2021) with Checklist to all the PIUs and empanelled DPR consultants of the state and to ensure that in future all the DPRs are accompanied with Proforma C (2021) with Checklist duly filled by PIUs and scrutinized by STAs while submitting the proposals to NRIDA.

Enclosure: Revised Proforma C (2021) with Checklist for Roads
